Fitting Instructions
- when un-hitched

Fig 1

With the trailer un-hitched; lift the handle and insert the plastic ball (spare ball available – SH54126B)

Fig 2

Push the handle down to close the coupling and secure the plastic ball.

Fig 3

Remove the locking bolt by inserting the key and turning clockwise. Twist and pull to remove the lockholder.

Fig 4

With the coupling handle down; slide the hitchlock forward over the coupling so the coupling handle passes through the hole in the rear of the cover. Then allow the cover to sit in its natural position with the front of the cover over the "nose" of the coupling.

Fig 5

The locking bolt can be fitted from either side by passing through the holes in the hitchlock cover and inserting the lockholder.

Fig 6

To lock; turn the key anti-clockwise and remove. Do not force the lock.

Fitting instructions
– when hitched to a towing vehicle

Lift the hitch handle and secure onto the vehicle's towball. Ensure the handle is closed and repeat steps 3-6.

Warranty

Please see warranty card for details. Full warranty terms can be viewed on our website www.stronghold-security.com

Replacement Keys

The design of Stronghold keys means that genuine replacements are only available by special order through the place of purchase, for which you will require your key number. Please note, the use of unapproved copy keys will void your warranty.
